For your most important parts!

ISO 9001:2015

Woodstock Precision Machining has been serving the local area and North American market with custom parts for over 40 years. Dedicated to keeping the local economy active and thriving, WPM provides parts for forestry and mining equipment, winch systems, locomotives, valves for the oil industry and beyond. Woodstock Precision Machining isn't just a name, it's a guarantee.

That Particular Part

Woodstock Precision Machining produces made-to-order parts for all of your heavy machinery needs. We can provide exactly the part you are looking for, be it short-run, mid-size, heavy, or non-interchangeable. Whatever the specifications, we make it work because we make it right.

Not only do we make standard products for all your equipment needs, but we also can make custom parts.

Quality Producer

If you want your most important parts machined with precision and outstanding quality, look no further. Our large, clean, ISO-9001:2015 registered plant features the high-end equipment you will not find when dealing with most of our competitors. We pride ourselves on the high caliber parts we produce, a pride that extends to the shop environment and the machines we use. We welcome visitors to drop in anytime to experience our superior workmanship first-hand!
